

ACUITY
INTERNATIONAL

Medical Services

Tailored healthcare services and training programs that preserve lives and people's well-being.

ACTIONS WITH PURPOSE, RESULTS THAT MATTER.

Introduction

Military personnel and other types of first responders often work in high-pressure situations in some of the world's harshest environments. Many of these locations may lack immediate access to the healthcare services and personnel needed to effectively treat civilians.

This is where Acuity International excels — We deliver critical mission support services to provide high-value, low-risk medical solutions for governments, companies, and non-governmental organizations and workers operating in remote and challenging locations. With Acuity, these entities always have the services and care they need to ensure operational readiness and resilience.

Our healthcare experts support personnel and citizens in various ways, from delivering customized medical training to providing on-site primary, surgical, tactical, and specialty healthcare services. Their skilled expertise and our comprehensive expeditionary medicine capabilities allows us to effectively address virtually all medical needs.

We rapidly deploy anywhere in the world, including austere environments where the demand for sophisticated medical services is greatest. Our embedded solutions ensure quality, standardized healthcare, and contingency planning, and utilize advanced medical technologies to improve mission readiness, prevent and treat disease, build resiliency, and provide continuity of care.

The Acuity Advantage

Acuity International's Medical Services are defined by the breadth of our solutions, the commitment and expertise of our team, and our ability to rapidly deploy anywhere in the world.

We offer primary, surgical, tactical, and veterinary care, as well as customized trainings to ensure your staff has the necessary skills to administer a range of medical procedures. Our services are overseen by a team of experts with nearly 50 years of knowledge in operational field medicine and medical program management. Their expertise, combined with innovative equipment and technology, ensures optimal care and attention to individuals in impacted communities.

This unique combination of capabilities allows us to expeditiously service all your medical needs. Our global reach gives us the ability to rapidly deploy, ensuring we have boots on the ground not in days, but in hours.

Whatever the crisis, whatever the need, and wherever you are—Acuity International's Medical Services are ready to support you and your teams.

Our Services

Primary Surgical & Acute Care

Acuity International delivers life-saving primary surgical and acute care services, providing rapid response to trauma, injury, and critical medical needs in emergency and disaster scenarios. Our expeditionary medical services ensure patients receive the highest standard of care when it matters most.

Specialty Healthcare Services

Acuity International's highly experienced team administers a wide range of specialty healthcare services, from cardiology and orthopedics to infectious disease management. We provide expert care tailored to the unique needs of individuals and communities in diverse environments.

Public Health Services

Our comprehensive public health programs help prevent disease, promote health, and safeguard populations during emergencies, pandemics, and recovery efforts. We work tirelessly to ensure the well-being of communities through education, vaccination, and health promotion initiatives.

Telemedicine Services

Acuity's 24/7 telemedicine services connect patients and healthcare providers with real-time remote access to medical consultations and diagnostics. These services allow us to offer critical support and continuity of care even in remote or hard-to-reach areas.

Veterinary Care Services

Our veterinary care services ensure the health and well-being of animals, whether as part of agricultural programs, disaster response efforts, or military operations. Our work helps safeguard animal populations and public health.

Medical Readiness Training

Acuity delivers specialized medical readiness training programs that equip healthcare professionals, first responders, and military personnel with the skills and knowledge needed to prevent and treat disease, build resiliency, and ensure continuity of care.

Tactical Emergency Critical Care Services

Acuity's Tactical Emergency Critical Care services deliver frontline healthcare and military unit training to improve mission readiness. We offer life-saving support, combat casualty care, and other solutions to preserve the lives of personnel operating in dangerous situations and environments.

Why Choose Acuity International
