Past Performance

Disaster Response in Haiti

- Provided critical medical support and logistics following the January 2010 earthquake in the Republic of Haiti.
- Established temporary clinics, delivered and administered medical supplies, and more.
- Helped thousands of citizens receive the care they needed during the crisis.

COVID-19 Response

- Significantly expanded telehealth capabilities so patients could easily access care wherever they were located.
- Coordinated the logistics of delivering essential medical supplies, including Personal Protective Equipment (PPE), ventilators, and testing kits to frontline workers.
- Set up vaccination sites and coordinated training for healthcare workers.
- Performed community outreach to educate citizens on how to protect themselves during the pandemic.

Core Capabilities

- Primary Surgical & Acute Care
- Specialty Healthcare Services
- Public Health Services
- 24/7 Telemedicine
- Veterinary Care
- Medical Readiness Training
- Tactical Emergency Critical Care
