- Absence and medical case management
- Behavioral health
- Workers compensation claims management
- Billing management
- Provider network
- Medical review officer capabilities
- Credentialing

Past Performance

On-site Medical Services for Greater Efficiency and Regulatory Compliance

Eagle Mine, LLC

- Acuity provided on-site medical services, including histories, exams, lab tests, and physician reviews.
- On-site exams minimized travel needs and employee downtime.
- Physicians reviewed records before submission, accelerating the hiring process.
- Standardized workflows created unified health records for each employee.
- Acuity's platform enabled real-time management, ensuring regulatory compliance and efficient reporting.

Expedited Hiring Through Workforce Healthcare Management

Norfolk Southern Railroad

- Acuity managed on-site pre-employment medical evaluations so train conductors could be onboarded quicker.
- Candidates were pre-screened to ensure they had no prior medical conditions which would result in disqualification.
- Screenings were expedited and reviewed by a physician to determine if conductors were fit for duty.
- The hiring process was fast-tracked, preventing any disruptions or delays to supply chains and improving employee retention.
